

AMARANTA KRUGER

Full-Stack Developer | PHP Developer

Barcelona, Catalonia, Spain · [linkedin.com/in/amaranta-kruger-439649101](https://www.linkedin.com/in/amaranta-kruger-439649101)

SUMMARY

Full-stack developer with 3.5+ years of hands-on experience building and maintaining production web systems, working across PHP (OOP) backend, MySQL/MariaDB databases (via phpMyAdmin), and JavaScript/jQuery front-end. Experienced integrating REST and third-party APIs, using Git/GitHub in team workflows, and writing technical documentation. Comfortable working across the full development lifecycle — from bug diagnosis and testing to deployment — with a design background (UBA) that brings UX awareness to feature development. Fluent in English and Spanish.

PROFESSIONAL EXPERIENCE

Full-Stack Developer — BlueMediaAds

Oct 2022 – Mar 2026 · 3 years 6 months · Barcelona, Spain · On-site

- Developed full-stack software using PHP (OOP) and MySQL/MariaDB (managed via phpMyAdmin) for backend, with responsive front-end (JS, jQuery, Ajax, Bootstrap).
- Implemented Web, REST, and third-party API integrations for production systems.
- Used Git/GitHub and package managers (NPM, Composer) as part of standard team development workflow.
- Diagnosed and resolved software bugs and technical incidents as part of ongoing issue management.
- Wrote technical documentation and tutorials (written and video) for internal tools and workflows.
- Configured and maintained server infrastructure (OVH, Host Europe) including SSL certificate management and DNS configuration — practical exposure to IT security and infrastructure maintenance beyond application code.
- Worked in a small, close-knit team of 2 developers, using Asana for task management and weekly syncs to coordinate priorities and ongoing projects.

Software Development Intern — GAOTek Inc.

Jun 2022 – Sep 2022 · 4 months · Remote

- Debugged and tested code across multiple applications.
- Documented and tested new software applications.
- Researched and resolved a wide range of technical issues.

EDUCATION

Diploma in Web Development, Information Technology — Mindroom Institute, Australia

Jan 2021 – May 2023 · 2.5-year program

- Full-stack responsive web applications: frontend (HTML, CSS, JS, Bootstrap) and backend (PHP, SQL, MongoDB).
- Additional frameworks: Django + Python, React; CMS: WordPress.
- Testing against W3C standards, debugging, and performance testing.

Audiovisual Design — University of Buenos Aires (UBA), Argentina

2007 – 2014 · Undergraduate degree

- Technical coursework in audiovisual signal theory: video/audio digitization, compression standards, and codecs (H.264, MPEG, ProRes).
- Trained on non-linear editing systems and post-production workflow, including format conversion and delivery specs for broadcast and digital platforms.
- Studied camera and optics fundamentals, lighting, and sound recording/mixing for film and television production.
- Project budgeting and industry standards; visual communication and aesthetics.

TECHNICAL SKILLS

Languages & Databases: PHP (OOP), JavaScript, SQL, MySQL, MariaDB (via phpMyAdmin), MongoDB, Python, HTML/CSS

Front-end: jQuery, Ajax, Bootstrap, React (studied)

Tools & Practices: Git/GitHub, REST APIs, unit/integration testing, technical documentation, task management with Asana, weekly team syncs

Infrastructure: Server configuration (OVH, Host Europe), SSL certificate management, DNS configuration — practical IT security exposure

AI & Automation: Claude, ChatGPT, Twilio, Zapier

Languages: Spanish (native), English (professional/fluent)
